

**CPCRN Annual Spring Meeting
Agenda for Virtual Participants
UNC Rizzo Conference Center, Chapel Hill, NC
May 23-24, 2017**

***All times are listed in Eastern Time Zone. Times are approximate.
Please turn on your webcam whenever possible!***

Before the meeting:

1. *Please make sure you have installed the Adobe Connect browser add-in for the best meeting experience (without it, video and/or audio may be choppy). To test if you have the browser plugin installed (and install it if needed), visit here:
https://cpcrn.adobeconnect.com/common/help/en/support/meeting_test.htm*
2. *Allow Adobe Connect to get your audio connected to the meeting. We recommend choosing one of the telephone (call in or out) options (instead of computer audio) for the best experience with the audio portion of the Adobe Connect meeting. Be sure you mute your computer speakers if you are on the phone or it will cause a loud audio feedback loop.*
3. *For extensive instructions on using Adobe Connect, see here: <http://cpcrn.org/pub/adobe-connect/>*

During the meeting:

4. *Sessions may start or end slightly before or after they are listed on the schedule – please plan accordingly.*
5. *All sessions in Room 240 are in the Rizzo1 Adobe Connect meeting room, all sessions in room 314 are in the Rizzo2 Adobe Connect meeting room – see details below.*
6. *Adobe Connect may be disabled during extended breaks (like lunch). If you connect to the meeting and it seems to be inactive, wait, and when the group reconvenes, we will reactivate Adobe Connect.*
7. *If we switch visual layouts in Adobe Connect, you may need to reconnect your webcam to the meeting.*
8. ***If you are having trouble hearing people in the room, let us know, we can turn up all microphone levels with one control.***
9. ***If you are having other technical difficulties, either message Rebecca Williams or Becky Lee within the Adobe Connect chat box, or text Rebecca at 919-413-3003.***
10. ***If you need technical help before the meeting starts or during meeting breaks, you can call or text Rebecca Williams at 919-413-3003.***
